As Christmas approaches we thought that we would put some jewellery up. There are a couple of unique items here, a Boulder bracelet for only \$425, it is set in silver and a Boulder pendant set in silver, the jeweller is a guy who has won 3 gold medals at the Paralympics, he is French. I met him in a town where we went through lovely castle. He couldn't speak a word of English and I could hardly speak a word of French but from my card he understood that I was an opal dealer and he gave us a very special price on his work and he was very happy to have sold something to an Australian opal dealer, I suppose he thought that we were recognising his lovely work. Take a close look at those.

There is another item here that should demand your attention, it's the pair of Mintubi Super Gem earrings set in 18k gold with small diamonds for only \$1,250. The opal is just magnificent, it comes out of \$25,000/oz rough, one of the very best parcels of rough ever mined at Mintubi.

The teardrop shape of the stones are beautiful, if you have a loved one that you want them to wear something of the best, this is it.

There are four 14k inlay rings that are absolutely beautiful.

Don't go past the Mintubi on Sandstone pendant for only \$345, there is a chain with it but the chain is probably not of a lot of value but it would mean that it could be worn straight away.

I am sure there are going to be some of you that are going to fall in love with the Mosaic Boulder opals, as pendants they are set in silver IMG_3767 is \$350, IMG_3817 is only \$225, they are huge opals already set for very little money. I am sure that someone in your family would wear those with pride.

In our Offer there are numerous pendants made out of solid opal, the king pendant of course is the Mintubi pendant with a bell cap 16cts only \$1,800, it is double sided and will attract a lot of attention when worn. Of the regular solid pendants I really like the \$560 blue green set in 9ct gold, the chain is for show purposes only, it would be included in the sale but is not really of any value other than being able to wear the pendant straight away.

If you like triplets the beautiful red, gold & green triplet pendant for only \$330 set in 14k gold is beautiful.

There are some little studs there for young children and some very beautiful triplet earrings.

We have put in as wide a range as we can at the most reasonable prices and I am sure there is going to be something there for you.

Merry Christmas

Regards

Murray
