**Subject:** Chrysoprase Rough OFFER 9 Feb 2012

Today we have the pleasure of offering you rough Chrysoprase. Firstly I'd like to point out that \$100US used to be worth \$161AU, today your dollar is only worth \$91.74AU so whilst your dollar has gone down our dollar has gained strength. Every stone in this Offer was priced when your dollar was strong so if you buy any of this material you will be getting super value for your dollar.

Prices range from \$30-300 per kilo for the Chrysoprase and \$400 per kilo for the Prase. We particularly like:

Chrysoprase translucent \$200/kilo .3 kilo \$60

Chrysoprase \$300/kilo .35 kilo \$105

Chrysoprase \$300/kilo .6 kilo \$180, and the

Prase \$400/kilo 5" x 2.5" x 1.75" thick 1.14 kilos \$456

As I have said these are terrific value and you should secure some rough Chrysoprase before we are forced into readjusting our prices.

Also below are some pictures of what you can do with the rough, you can make beads, earrings, cabochons, carvings or whatever. Chrysoprase is a particularly hard stone and is most durable. If you haven't tried any this is your chance to secure some terrific value Chrysoprase as if your dollar was still worth \$1.61AU.

Regards

Murray
