Hi Folk

The six stones in the Coober Pedy 2.25oz \$1,600/oz parcel, the total of that grade is \$3,600 but I have individually priced six stones so this parcel may be split. The stones are \$119, \$268, \$430, \$899, \$926 and \$1,020 each. If I were buying just one stone and my pocket book would allow it I'd buy the \$926 stone it is very very colourful, the opal goes completely through the stone. If my pocket book wouldn't allow me to buy that I would definitely go for the \$430 stone, again it's a beauty, beautiful greens, golds, some red colour going completely through the stone.

I can highly recommend each one of these pieces.

If you can afford the lot - grab them.
