Hi Folks

Over Easter I took a friend from Western Australia that I went to school with when I was 10 years of age until I was 17, I have only seen him three times since then and arranged to take him to Coober Pedy for the opal festival. What a joy it was, not only to be with my friend of some 65 years but to attend the very special Easter Opal Festival. Two of the parcels I secured you can see images of below. One weighs 13oz and is only \$80/oz, the other weighs 34oz and is \$100/oz. We don't pick parcels but I'm going to allow these parcels to be split so that a number of our clients will be able to benefit from these very good bargains. Just tell me how many ounces you want and I'll weigh them out for you? Heather has done her best to take images and we are happy with them but I can assure you you will be even happier with what you purchase when it's in your hand. None of our cameras do justice to nature's beautiful works.
