Hi Folk

It is our pleasure today to show you some of our fabulous carved opal and chrysoprase frogs. These have been favourites for a number of years now. Each little frog is hand carved, unique and has its own identity. It is even possible to purchase an entire family to have as a collector's item. They are just gorgeous as ornaments and in the past have even be set into jewellery.

I am not sure why but a lot of people do actually collect frogs. Those of you who do probably don't have a frog that has been carved out of Boulder opal, we have a number, they are outstanding. I suggest you add one to your collection.

Our last photo in this Offer is of a beautiful Opal Frog on Gold Lily Pad Pendant which was made by one of our longstanding clients, Vince, for his wife. It is drilled and ready to be worn, the drill hole is at the bottom end of the lily pad so the frog would face downwards. Keep your eyes open for our next Offer of drilled Frogs.

These have proven to be very popular with the best only taking hours to sell and we don't anticipate any more to arrive for awhile. If there is a frog or two amongst the pictures you would like let us know however we do have many more so if there is nothing here that tickles your fancy please contact us and we will be happy to send more pictures to you.

We hope you enjoy our photos and we look forward to receiving your orders.

Thank you for shopping with us.

Regards

Heather
