

Hi Folk

This year we are looking to offer our clients some inexpensive opal jewellery for Christmas. Whilst preparing for our Christmas Special we have become a bit excited and we are going to have a pre Christmas Special to offer you all some of Australia's most beautiful opals at most affordable prices. All of the little specials will be set in gold, a few 9k, some 14k and quite a lot of 18k.

In our haste to give some of you a thrill we have five sets of doublet earrings set in 14k gold, they are gorgeous and so affordable. The least expensive only \$229 for the pair.

One of my favourite pieces is the triplet pendant for only \$450 that stone is 20mm x 12mm. This Triplet is very special showing beautiful blues, reds and golds in a rolling flash.

There are three very dinky but brilliant small stones set in 18k gold pendants, they are \$300, \$330 and \$410 respectively.

The most beautiful of the solid opals is the solid opal pendant set in 18k gold for \$1,280. To make you even more excited the purchaser of this opal can have it for only \$1,000.

Once again first in best dressed.

Regards

Murray

PS I should have mentioned the brilliant teardrop triplet set in 18k gold for \$430. The colours in this stone are beautiful broad flash of greens and blues with a touch of gold. This is one triplet that the owner won't want to put on, they'll want to keep it in their hands and continue looking at it.
